## New digit system due for mailing

A five-digit ZIP (meaning zone improvement program) Code is the latest device of the U. S. Postoffice to speed the mail on its way and both Bay St. Louis and Waveland are to participate in the nation-wide plan beginning July 1.

Those with Bay St. Louis addresses will use the code 39520 on all correspondence to speed mail deliveries and reduce the chance of mis-sent mail, Postmaster Andy J. Becker announces.

Wavelanders served by the postoffice or mail routes there will use the code 39576, according to Postmaster Walter Turcotte, Jr.

At this stage the ZIP code will apply only to first and second class postoffices, hence Clermont Harbor, Lakeshore, Logtown, Pearlinton and Kiln stations will not be affected.

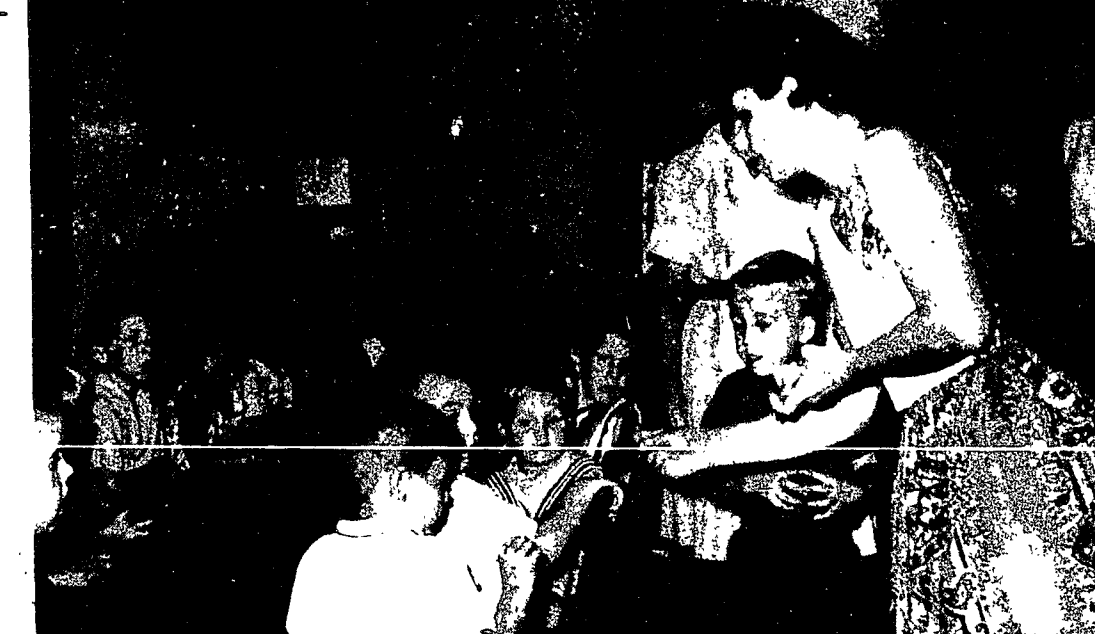

The code, literally the last word in mail addressing, should follow the city and state in addressing. Here's an illustration of the proper way to use it:

Mr. Andy J. Becker  
Postmaster  
U. S. Postoffice  
Bay St. Louis, Miss., 39520.

This plan, the postmasters say, will for the first time permit postal employees to short-cut repeated address reading. Often addresses must be read as many as eight or ten times to get it to the proper destination, each handling slowing the process of mail dispatch and increasing the opportunity for human error.

With the code, the Postoffice Department believes a clerk will need only to glance at the number to know immediately to what national area, state and postoffice the letter is destined, cutting up to 24 hours of the time between deposit and delivery.

**VACATION BIBLE SCHOOL** - The younger set is briefed on schedule as vacation Bible school opened Monday at Main Street Methodist Church. Sessions continue during morning through Friday.

## It rained a bit here this week

Depending on where you live in Hancock County you got some rain this week, the first recorded in June and the first since May which in turn followed a prolonged drought.

Biggest recorded rainfall was at the Rocky Hill fire tower where .04 inch fell Monday and .84 Tuesday, according to Wilford Westbrook, dispatcher. There still wasn't a drop further north in the county, he added.

Bay St. Louis got a little more than half an inch in the first two days, Brother Leon, acting weatherman at St. Stanislaus College, reported. Monday .5 inch was shown and the reading for Tuesday, through 7 a.m. Wednesday, was .09. Waveland reportedly had a heavier fall but there is no record there.

At the U. S. Weather Bureau station at Mississippi Test Operations, .31 inch was listed from 7 a.m. Monday through 7 a.m. Wednesday.

While vegetation has been sorely hurt by the extended dry spell, the forest fire situation has been better this month, Westbrook said, with one blaze covering four acres.

**HOW LONG IS HIS TAIL?** - That's what judge Dudley LeBlanc of New Orleans (inset), and Tom Logue try to determine in class for canine with longest tail at kid's amateur dog show Sunday at Jitney Jungle. Procedure drew objections from some of the pet who disliked being subjected to the measurement.

**Children's Center plans 5 day week**  
Plans are underway for the operation of a full five-day school week for area retarded children when the Children's Center re-

One candidate has withdrawn from the August primary and the status of another remains in question this week after the Hancock County Democratic Executive Committee met last Thursday and certified 102 persons for the primary ballot.

Red McQueen, one of five aspirants for constable in Beat 2, notified the County Election Commission he was stepping out of the race after question was raised of his residence status at the party committee session.

Case of John V. Ledner, who with seven others is seeking the State Senate seat shared by Hancock and Pearl River Counties, is awaiting an interpretation from Attorney-General Joe Patterson's office, according to Leo Seal, Jr., committee secretary. Ledner had fulfilled filing requirements in Hancock County but apparently had not taken the

proper qualifying steps in Pearl River County. Patterson has been asked to interpret the statute involved to guide the committee in disposing of the matter. Seal said he expects an answer in the next few days.

The Democratic committee also called on the election commission to carefully scrutinize the elector list of each precinct to be sure residence requirements are met. Determining the status of such persons at this time would eliminate challenges at the polls Aug. 6 and "much grief," he observed.

Numerous complaints had come to the executive committee that certain electors are known to have lived outside the county for the last 10 years, who claim homestead exemption in other counties and who send their children to schools outside the county and yet they vote here.

Meanwhile, Dan M. Russell, Jr., chairman of the election commission, said examination of lists has been underway for some time, checking proper poll tax payments. Purge of the lists on other grounds will only be done after hearing what person is challenged in the policy of the commission, he said. A person may leave the county but the question of his intention to return must be determined, Russell explained, adding that anyone can bring a complaint to the commission and initiate a hearing.

The committee refused to act on (thereby not adopting) the state executive committee's request to require candidates to file a loyalty oath to support all Democratic candidates in the November general election.

Method of selecting managers for the various precincts for the primary was discussed and tabled until the next meeting, probably early in July. A course of in-

## 1st test stand bids called for

Three construction projects—including foundations for the first two mighty rocket test stands at Mississippi Test Operations were advertised for bids by the Corps of Engineers last week.

Competitive bids are sought for construction of two static stand foundations for testing the Saturn V Apollo Moon Rocket's first and second stages, an electrical distribution system and an office building for the Corps of Engineers' area engineer. The Corps is NASA's agent for land acquisition and construction of the \$500 million rocket testing center in Hancock County.

The first two test stands to be built at the test site will be used to captive fire the huge, 7.5 million pound thrust S-1C booster of the Saturn V and the one million pound thrust S-11 second stage of the moon rocket.

The job will include clearing about 70 acres, excavating about 410,000 cubic yards, driving approximately 1,670 steel or concrete piles for two stands and constructing reinforced concrete sub-structure with a portion of the electrical power and equipment ground systems for the second stage stand.

Bids will be opened on July 11.

The second job will include construction of a 13.8 KV electrical distribution system and installing 110 KV sub-station for the new installation.

Work calls for building nine miles of aerial distribution lines, one-third mile of underground ducts with manholes, five pole

mounted transformer banks and switch yard. Bid opening date is July 11.

The area engineer's office building will be a one story wood-frame building 200' by 36 feet. A one story masonry building, 53 feet by 30 feet will be converted to a laboratory by adding a slab floor, concrete tanks, and work benches and installing utilities. Bids on these will be opened June 25.

All three sets of bids will be opened at the Corps office in Mobile. Bidding is restricted to small business concerns.

I was educated at Bay High and St. Stanislaus.

My qualifications for serving the public are many years of successful business. For the past six years, I have owned and operated a vegetable farm.

I have been married to Yvonne Hotard for the past twenty-six years, however, our marriage was not blessed with children. The Benigno family has resided in this county for many, many years - and my brothers and sister were born and reared here. They are all respected citizens, and have never tainted the good name bestowed upon us for our father.

Your vote and support in the high office I seek will be appreciated.

**ELECTED OFFICER** - Edna Bourgeois, daughter of Sidney Bourgeois and the late Mrs. Edna Turcotte Bourgeois of Waveland, was elected superintendent of education during Girls' State last week at Belhaven College in Jackson. A student at St. Joseph Academy, Edna was one of her local girls attending the sessions.

## Kila resident 'adopts' Italian

Mrs. Charles Conrad of Kila has recently "adopted" Livia Acampora, an 11-year-old Italian girl, through Foster Parents Plan, an international child rescue organization. This is the second of such "adoptions" for Mrs. Conrad. The first child, a boy from Greece, no longer needs help from the program.

Livia lives in Boston, Italy, a small poverty-stricken town south of Naples. Livia, a victim of typhus three times in her life, is not properly developed for her 11 years. She has missed much school and is now in the third grade. Her father is dead, and her mother manages for a family of four on a pension that amounts to 71 cents a day. The family's shabby home opens into an alley. It has no kitchen or bathroom facilities.

"Adoption" through the Foster Parents Plan is financial not legal. Of the \$15 monthly that the foster parent agrees to contribute for at least a year, the child receives \$8 a month in cash. The rest is spent for food and clothing, medical care, school fees and equipment, and translation of letters. Letters are exchanged monthly between the child and the foster parent.

# WHERE DOES COLEMAN STAND ON THE KENNEDYS?

"I shall not, I will not, at any time or place, in or out of politics, give aid and support to any man who is an enemy to the Southland or the State of Mississippi. On the other hand, I will fight him with all the strength, experience, knowledge and ingenuity that I possess, by whatever method which has any reasonable hope of success. And when I say I will fight him, whom do I include? I mean any man or any official by whatever name called, be his name Kennedy, or Rockefeller, or any other you might like to mention. Now, if we still have any doubting Thomases I hope this will be clear enough to understand."

(From Ackerman Speech, June 12, 1963)

## HERE IS WHAT COLEMAN SAID ABOUT THE KENNEDYS In His T. V. Speech of May 16, 1963

1-I am not running for Governor in order to help any Presidential candidate. That includes President Kennedy, former Vice President Nixon, and Governor Rockefeller.

2-I would be foolish indeed if I put myself and my friends to the trouble and expense of running for governor in a hopeless effort to help the Kennedys. Unless there is a revolutionary change in Kennedy policy, and there seems to be little hope of it, the Kennedys could not carry Mississippi next year if they themselves held the election and counted the votes.

## HERE IS WHAT COLEMAN SAID ABOUT THE KENNEDYS In His Formal Opening Speech at Ackerman, Mississippi, on June 12, 1963.

1-As a leader who knows the South and who is known by the South, I will do all in my power to assemble a convention of the Southern States before the National Political Conventions of 1964 to take stock of our troubles and come up with a remedy which at least half a dozen Southern States will support.

2-I do not think it would do any good for Mississippi to send delegates to the National Democratic Convention of 1964.

3-I do not believe the National Republican Convention will make any trade with Mississippi.

## THE REAL ISSUE

J. P. Coleman is the only candidate for Governor who has had any experience in the successful protection of our domestic institutions against the federal government.

This is the year you cannot afford to take a chance.

Do not let some demagogue tell you that a vote for Coleman is a vote for Kennedy. The truth is exactly the other way. If you are really and truly against Kennedy and Kennedy policies you will vote for the one and only man in this race who has had the training, the experience, and the determination to successfully win our battles with the Kennedys.

That man is J. P. Coleman.

PLEASE GO TO THE POLLS ON AUGUST 6 AND VOTE FOR J. P. COLEMAN AND FOR A SAFE, TRANQUIL, PEACEABLE FOUR YEARS AHEAD. LET US GET ON THE OFFENSIVE AND GO FORWARD TO VICTORY UNDER THE LEADERSHIP OF A REAL STATESMAN WHO IS RESPECTED BY OUR FRIENDS AND FEARED BY OUR ADVERSARIES.

**ELECT A STATESMAN!**  
**J. P. COLEMAN**

Approved by A. F. Summer, State Campaign Manager.

A reception followed in the dining hall of the church. Miss Kim Caldwell distributed small bags of rice. Mrs. Bobby Nichols of Laurel cut the cake and Mrs. Alvin Brent, Jr., of Jackson, assisted. Mrs. Bob Weathersby, sister of the groom, presided at the guest register.

Out of town guests included Mr. and Mrs. James H. McCarthy, Jim and Tim, Starkville; Mr. and Mrs. Alvin Brent, Jr., Jackson; Mrs. J. B. Baker, Mrs. R. E. L. ## ELECT

W. H. "Shag" PYRON

HIGHWAY COMMISSIONER SOUTHERN DISTRICT OF MISSISSIPPI

TO THE PEOPLE OF THE SOUTHERN DISTRICT OF MISSISSIPPI:

I would like to take this opportunity to announce my candidacy for Highway Commissioner of the Southern District of Mississippi. In seeking this office, I realize that it is a position of great importance to everyone in the Southern District of Mississippi. The highways of our State are the life blood of our commerce and industry. The interest of te people should always be the first consideration of your Highway Commissioner in locating and maintaining our highway system. All too often in the past this has not been the case. When elected, I pledge to you that your Highway Department will be efficiently operated and that all highways will be built and maintained to serve the people, not for arbitrary reasons.

In seeking your support for this important office, I invite your consideration of my background, character, integrity, and experience. I was born, reared and educated in the State of Mississippi, a graduate of Mississippi State University. After graduation, for three years I coached and taught in the public schools of this State. Since that time, I have sold heavy equipment in the Southern District of Mississippi, residing in Gulfport for four years. Due to my employment, I have had an opportunity to understand the problems affecting our highways as I have worked closely with contractors, county and municipal officials. I am a resident of Hazlehurst, Mississippi, and actively participate in the affairs of my community. I am married to the former Carlene Freiler and we have three fine sons. I am a Presbyterian, a member of the Chamber of Commerce, Mississippi State University "M" Club, Vice-President of the Copiah County Chapter of the Mississippi State University Alumni Association, and was an all Southeastern Conference football player while at Mississippi State University.

Throughout my life, I have demonstrated the ability to get the job done. I feel that South Mississippi is desperately in need of a Highway Commissioner who will work for the interest of the people and give the proper service for the many millions of dollars that we spend each year on our highway system.

Your vote and support for W. H. "Shag" Pyron for Highway Commissioner will be sincerely appreciated and rewarded by honest, efficient service.

## Relink ramps Roland topples Trapani

Relink Signs combined on 18-18 attack with shifty Relink by their opponents and scored in a 16-7 upset victory of Trapani's Relink Signs on Monday Bay South League action. Relink's Dirt Dabbers counted 17-1 over Kiln Youth Center in the opener of a twin bill.

Trapani, looking invincible while rolling to four victories and first place in the standings, found themselves floundering every ball one-handed, missing over half, and looking for the first time this season, Roland Signs twice came from behind to win.

The Traps grabbed a 3-0 lead in the first and moved back to head 7-5 in the third before Roland's marked six times in the fourth and pulled away with two in the sixth and three in the seventh innings.

Charlie Bourgeois was the hitting star for the winners with two doubles and a single and five runs batted in. Also aiding in Roland's scoring parade were Jim Mayfield's triple and two singles, Sheldon Soumeau's double and two singles, and a double and two singles by Clifford Vogt.

Lois Lader was the winning pitcher, going the distance. Gene Rogers took the defeat.

Reinke scored in every inning except the seventh in their romp over Kiln Youth Center. The Dirt Dabbers tallied once in the first, four times in the second, added five in the third, and opened the gap while the lone KYC run came across in the first.

Buddy Pitalo rapped 5-5, including four singles over the right-field fence, to pace the 2-hit Relink attack. Billy McDonald was 4-4, C. J. Manfray collected 2-3 for the losers. Billy Osborne was the winning moundman, allowing only five safeties. Alton Lader was charged with the loss.

Friday's softball schedule finds Roland Signs meeting Southern Relink in the 8 p.m. opener with Trapani and Kiln Youth Center to follow. Monday, it'll be KYC vs. Krankey and Roland's vs. Industrial Enameling. Wednesday's twin-bill should be one of the season's best as Trapani collides head-on with Southern Relink in the battle for the top spot and Reinke battles CYO.

## Ladner sparks YC to upset of Fahey

Sylvan Ladner's two-run home run over the fence in the top of the fifth and final inning handed Youth Center a 4-3 upset victory over Fahey Drug Thursday afternoon in Pony

League action at City Ball Park. It was the only Pony League contest during the week as teams took Tuesday off.

The win evened the defending champion Youth Center squad's record at 1-1, and marked the first defeat for Fahey Drug in three outings.

Youth Center scored first in the third inning when Stanley Weidmann doubled and came across on an error. An unearned run in the fourth upped the YC lead to a short-lived 2-0 before Fahey knotted the count in their fourth without the benefit of a hit. Ladner's four-bagger pushed Youth Center to a 4-2 lead in the fifth and Fahey could score only once in their final bat.

Danny Krankey went the distance on the mound to gain the pitching victory, fanning 11 batters. Walter Gagnon was the loser after relieving starter Mike Strong in the fourth. Mont Rhodes paced the losers at the plate with two hits in three bats.

Play resumes at 4:30 today when Fahey Drug battles the Sea Coast Echo Scoops, Tuesday's lone game pits the Scoops against Youth Center.

From grain so light ... to pleasure bright

IN MISSISSIPPI BEER IS A NATURAL

From nature's light grain comes sparkling, light beer ... Mississippi's traditional beverage of moderation — it's light, sparkling, delicious.

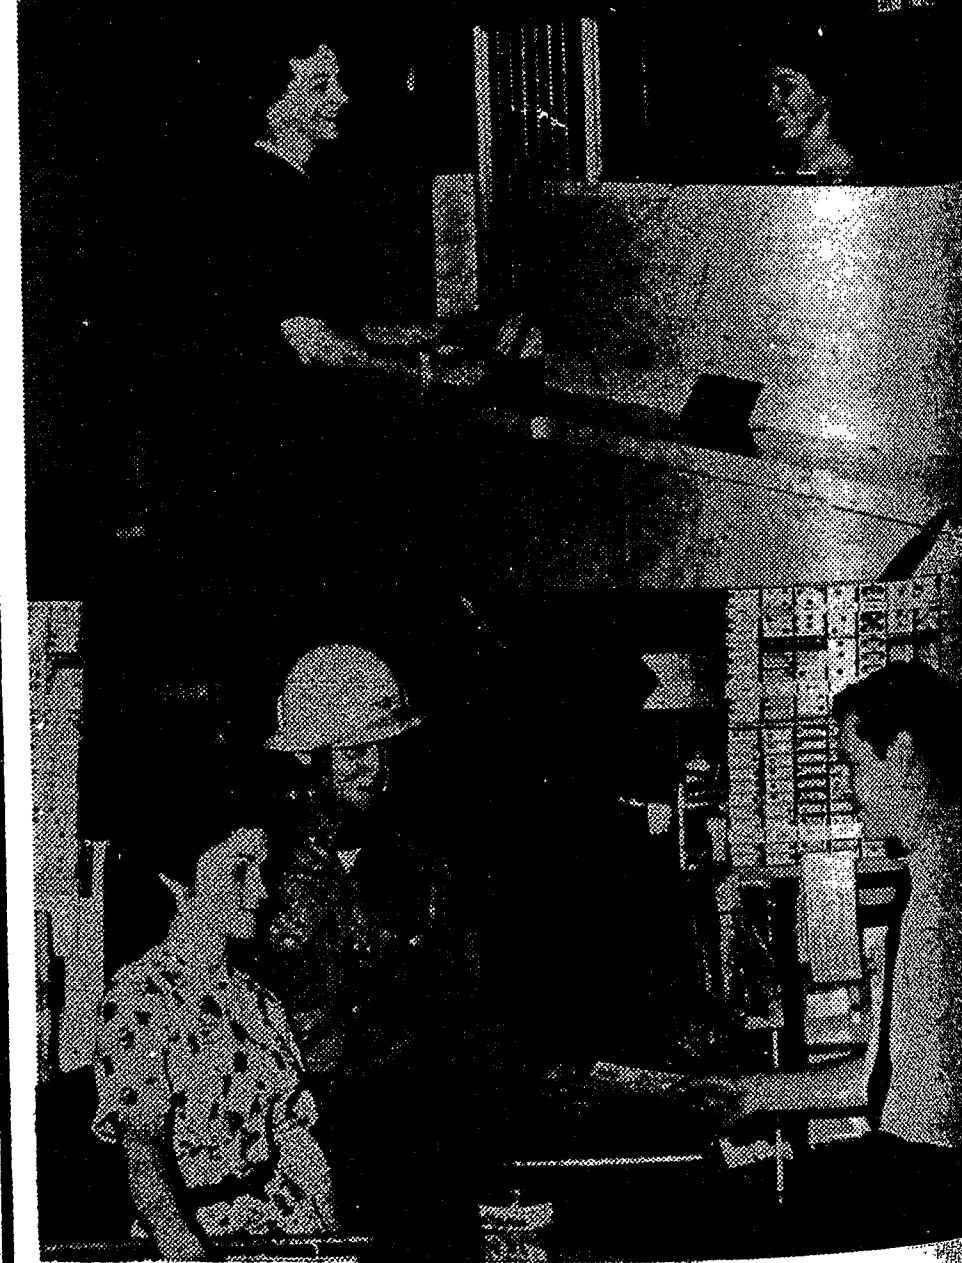

And naturally, the Brewing Industry in Mississippi is proud of the more than 4½ million tax dollars it contributes to the state of Mississippi each year — money that helps support our schools, our hospitals and our parks. In Mississippi, beer belongs, enjoy it.

## 17,486 Pay Checks a Year

Last year Mississippi Power Company employees took home 17,486 pay checks. Much of this money went into buying food, clothing, and other essentials, thus adding to the economic stability of the area. This was money earned — and to a large extent — spent and invested in Mississippi.

Payrolls aren't the company's only contribution to the area's economy. Each year, Mississippi Power Company spends many millions to construct new facilities and improve customer service. This construction creates jobs, produces new opportunities and provides wages for hundreds of Mississippians.

But a company is more than figures on a ledger sheet or the service it provides. Its personal side is people. At Mississippi Power Company more than 700 men and women work at 119 different jobs to assure you dependable electric service at the flip of a switch.
